

Le Couvent de la Salette

IN THE HEART OF THE AVEYRON

Le Couvent de la Salette

THE ELEGANCE OF A HOTEL, THE CHARM OF A HOME

Facing the Larzac foothills of Millau, stands the Couvent de la Salette; a vast 19th century bastide transformed into a hotel and wellness center. This is the perfect place to spend time with family and friends, or come for a romantic get-a-way.

The convent's six charmingly appointed rooms and vast living areas will ensure a memorable stay. The most demanding traveler will remark on the play between secret and airy, antique and contemporary in this newly renovated space. A tranquil setting in an ever-changing decor of the season; this is a special address that you will want to keep off the radar.

Cultural visits, hikes in the nature, fine food and sporting activities; all is at your feet the Couvent de la Salette. Take a leisurely weekend (no limit on check out time on Sundays) where art and design come together in a historically rich setting.

Ancient stone and design furniture set the stage for sharing a coffee, a glass of wine, or an aged Scotch whiskey in front of the monumental fireplace, or on the tree covered terrace.

Roughhewn materials in a mineral setting

Le Couvent de la Salette is comprised of 4 rooms and 2 suites whose design was inspired by a collection of minerals and semi-precious stones belonging to the owner's father, Bruno Perris, himself a passionate mineralogist. Mysterious, energetic, sensuous; each room echoes the feel and color of the stone it is named after. Tourmaline, Opal, Amethyst, Desert Rose.

Each room faces either the Grands Causses or the famous viaduct. These totally renovated rooms were designed with your utmost comfort in mind. Large and bright, the average size is 40m², the suites are 90m² with kind sized beds and free-standing bathtubs. Wooden beams overhead add a graphic twist to the ambiance.

Wellness Center

La Salette also offers a light menu featuring local and seasonal products. The wellness center is comprised of a pool with a swimming current, sauna, hammam, jacuzzi and massage services. Le Couvent de la Salette can be rented out for private gatherings; guests will rejoice in the luxury world unto its own. La Salette also lends itself perfectly to seminars and conferences with a high-tech room for 15, equipped with high speed Wi-Fi, flat screens, etc.

Our aim at Le Couvent de la Salette is to take the little details of life into consideration, in order to bring a smile to your face.

We are delighted in welcoming you to La Salette to discover our new concept:

“The Charming Convent”!

Stephanie Perris and her team.

IN THE HEART OF THE AVEYRON
